

vehicle : DS3	OPR : 11890		
domain	comfort and convenience	function	audio system
component			

principle

DS3Z174R

property of PSA Peugeot Citroën

15/02/2026

item code	description	information
0004	null	instrument panel /
7215	null	/ multifunction screen
8404	null	aerial /
8410	null	audio system /
8430	null	rear left loudspeaker
8435	null	right hand rear speaker
8440	null	front LH tweeter speaker
8444	null	front LH woofer speaker
8445	null	front right tweeter
8449	null	front RH woofer speaker
8482	null	radio telephone microphone
8499	null	external audio input block
84B4	null	portable multimedia unit
BB00	null	battery /
BSI1	null	built-in systems interface
CA00	null	ignition switch /
CV00	null	steering wheel controls
E841A	null	crimp one information (or equipotential 841A) wire
E841B	null	crimp one information (or equipotential 841B) wire
E841C	null	crimp one information (or equipotential 841C) wire
E841D	null	crimp one information (or equipotential 841D) wire
E841E	null	crimp one information (or equipotential 841E) wire
E841F	null	crimp one information (or equipotential 841E) wire
E843A	null	crimp one information (or equipotential 843A) wire
E843B	null	crimp one information (or equipotential 843B) wire
E845A	null	crimp one information (or equipotential 845A) wire
E845B	null	crimp one information (or equipotential 845B) wire
E847A	null	crimp one information (or equipotential 847A) wire
E847B	null	crimp one information (or equipotential 847B) wire
E901A	null	crimp one information (or equipotential 901A) wire
E901B	null	crimp one information (or equipotential 901B) wire
E903A	null	crimp one information (or equipotential 903A) wire
E903B	null	crimp one information (or equipotential 903B) wire
EB08	null	crimp d 1 + battery protected by a fuse no. 08
EM10	null	crimp earth (earth point number 10)
EM35A	null	crimp earth (earth point number 35A)
EM35B	null	crimp earth (earth point number 35B)
EM37C	null	crimp earth (earth point number 37C)
EM38B	null	crimp earth (earth point number 38B)
EX14	null	crimp d 1 + van protected by fuse no. 14
IC01	null	interconnection for main harness to fascia harness /
IC70A	null	passenger compartment harness interconnection with driver's door harness
IC71A	null	passenger compartment harness interconnection with front passenger door harness
IC91	null	fascia harness interconnection with passenger compartment harness
MC10	null	body earth point number 10
MC13	null	body earth point number 13
MC35	null	body earth point number 35
MC37	null	body earth point number 37
MM01	null	engine earth point number 01
PSF1	null	engine compartment fusebox panel
